

*Life is beautiful in*

**CALPE**

*What are you waiting for?*

**NAUTICAL GUIDE**

## Calpe is Nautical

Calpe's geographical location and fantastic microclimate (3,180 hours of sun each year and an average annual temperature of 18º) allow you to practice an endless number of sports such as sailing, diving, rowing... and if you're a bit adventurous, swimming at its beaches in the cooler months.

Feel the infinite freedom while you sail in the natural sports area formed between the Peñon de Ifach and Punta de *Les Bassetes*, and gaze at a unique landscape where vegetation, rock, and sea come together. If you love scuba diving, diving or sport fishing, you'll enjoy it like never before in the depths of Calpe's clean, clear waters that are full of life.

Calpe has a comprehensive range of nautical facilities spread out across its 13 km of coastline, which make it one of Spain's leading nautical destinations for both competition and leisure. Less than 10 minutes from the city center there are 3 marinas with 460 moorings, where you can do numerous activities such as scuba diving, rowing, sailing, windsurfing, *parasailing*, water skiing, and sea excursions, as well as introduction, specialization, and qualification courses or any other additional service that you need.

Calpe's waters have been the home of numerous nautical events for years.

No matter how you look at it, Calpe is your nautical destination.

The port of *Les Bassetes* is located between Cabo de Moraira and the Peñón de Ifach, in a bay featuring alternating coves and beaches with stretches of cliffs. Its dock is formed by two concrete piers where the nearest land serves as a dry dock for boats of moderate length.

**Services** Water and electricity at moorings, lighting, toilets, 24-hour surveillance, waiting dock, ramp, boatyard, social building, first-aid, bar-cafeteria, restaurant with terraces, public parking, weather information, rescue boat, green area, 3 T fixed crane and mobile crane, dry dock for 50 boats, engine service, wintering and de-wintering, repairs.

**Sports activities** Sailing and diving school, water skiing, windsurfing, catamaran sailing, kayaking and kitesurfing.

## Life by the Sea Year-Round

For quite some time, Calpe has been the preferred destination of many sailors, divers, fishermen, and windsurfers that take advantage of every season in order to sneak away and enjoy their favorite nautical sport here.

If you aren't already one of them, we encourage you to sail to hidden coves and anchor your boat, rent a kayak for a coastal excursion, or ride the waves of the bay on a jet ski while you gaze at the stunning landscape.

Immerse yourself in the silence of our sea and discover the beauty of the seabed that will transport you to other worlds as you dive...

## Scuba Diving in Calpe

One of Calpe's greatest treasures is hidden beneath its waters. Diving into them allows you to experience a spectacle of nature, where time slows down, the dimensions are transformed, and you feel transported to another world.

The richness of its depths provides numerous diving spots and underwater itineraries around the Peñón de Ifach and *Morro de Toix* such as Los Arcos, *El Racó*, El Paseo...

Immerse yourself in the silence of our sea and lose yourself in the labyrinths of rock arches and multicolored tunnels of corals, sponges, and anemones, where large lobsters and conger eels will surprise you while barracudas, bream, or damselfish swim past forming spectacular schools of fish.

If you're less adventurous, grab your goggles and fins and enjoy snorkeling in a cove or explore the sea by hiring an excursion boat.

## Waves, Winds, and Boards

Calpe's conditions and the range of services you will find along its coast allow you to practice, learn, or improve your navigation skills in any form you can imagine, such as windsurfing, kitesurfing, paddle boarding, wakeboarding, water skiing, surfing, bodyboarding, jet skiing, kayaking, canoeing, and catamaran sailing... at various diving centers and sailing schools.

If you're a stalwart of other water sports such as sport fishing, underwater caving or *psicobloc* (rock climbing from the sea), Calpe is your own personal paradise.

### SPORTING EVENTS

The Villa of Peñón de Ifach's waters have hosted numerous nautical events for years such as the traditional Calpe-Formentera-Calpe race or national and international competitions such as the Women's Match Race, valid for the world championship.

Calpe is a nautical model in the Valencian Community, because its marinas provide crews with all the services they need as well as optimal sea conditions.

### SEA EXCURSIONS

Climb aboard one of the excursion boats at the Port of Calpe and contemplate the spectacular views of the bay and the richness of its depths thanks to the underwater viewing they provide.

## List of Nautical Sports and Services Businesses

Discover everything Calpe's nautical businesses have to offer and reward yourself with a different vacation. We provide everything you could need to enjoy the sea in the broadest sense, including courses and activities of all kinds, rentals, repairs, and boat sales.
