ICELANDIC MOUNTAIN GUIDES

Welcome

Let us tell you a little bit about ourselves, who we are and why we do what we do. **Icelandic Mountain Guides** is Iceland's premier outdoor and adventure company. The company was established in 1994 by four young environmentalists and outdoor enthusiasts. They became pioneers in introducing the wonders of Icelandic nature to travellers from all over the world. Originally we started offering Glacier Walks in Skaftafell and later on Sólheimajökull glacier. Hiking and other adventures soon followed. Glacier Walks have now become one of the most popular tourism activities in Iceland. Even though there are no technical requirements needed for our glacier walks, safety is a big issue when travelling on glaciers. Therefore, all our guides go through a strict training program to make sure you enjoy your adventure in a fun but safe way. From the beginning our aim has always been to offer adventures for everyone. **We wish you a pleasant stay in Iceland and welcome you to experience the wonders of Iceland with us.**
